

Potential boost to local economy

- During the build process, one of the bidding companies would do everything local including hotel, food, fuel, concrete, etc.
- With our 2 turf fields along with Treyton Field, we could host major youth softball/baseball tournaments during the summer
 - These multi-day tournament would bring out of district families to the district multiple times a summer
 - Our sports teams could take turns running concessions at these tournaments and could provide for all the fundraising they would need for a year.
- Hosting large events such as WIAA sectional track, sectional softball, sectional baseball, or late round playoff football would bring massive amounts of people and revenue to the district.
- Money charged to teams for usage could be set aside and put in a fund for replacement fees needed 12-15 years down the road.
- Whitewater Chamber of Commerce Endorsement
